

DEMOGRAPHICS OVERVIEW

The Encinitas Union School District serves students in grades Preschool through sixth grade. As of the 2023/2024 school year, the enrollment of the District was 4,444.

Site capacities for the facilities plan diagrams were developed using a 5-year Student Population Forecast report prepared for the District by **Education Solution Group, Davis Demographics Mgt** in March 2024.

The 2028/2029 forecasted enrollment used in this document was for facility planning purposes. Actual school capacity and enrollment may vary as the District considers school boundary adjustments, demographic changes, school programs, and other factors. The District will need to consider these factors as it moves into implementation planning efforts.

	2023/24 Enrollment	2028/29 Projected Enrollment	2028/29 Capacity
