PLANNING **STUDENT SURVEY DETAIL**

SUNNYVALE SCHOOL DISTRICT | FACILITIES MASTER PLAN 2022

planning considerations | STUDENT SURVEY DETAIL

An online survey was distributed to students in grades 4, 5, 7, and 8 district-wide. Due to the COVID-19 pandemic and timing of virtual learning, 6th graders were not included in the survey since they had not yet experienced in-person learning on their campus. The questions within the survey focused on the existing functionality of the various spaces typically found on a school campus. First, they were asked to rate, on a scale of 1 to 5, the functionality of:

- Classrooms
- Cafeteria and other Food Service Spaces
- Libraries
- Specialized Electives Spaces (science, music, art, computer lab, other spaces for hands-on projects)
- Restrooms

The ranking was a selection of 1 to 5 stars (5 being the highest rank).

After each space ranking, students were given a list of components to associated with the space and asked to select one thing about the space that they would change.

The final question asked them to select their top 3 priority spaces that require the greatest amount of improvement at their school site.

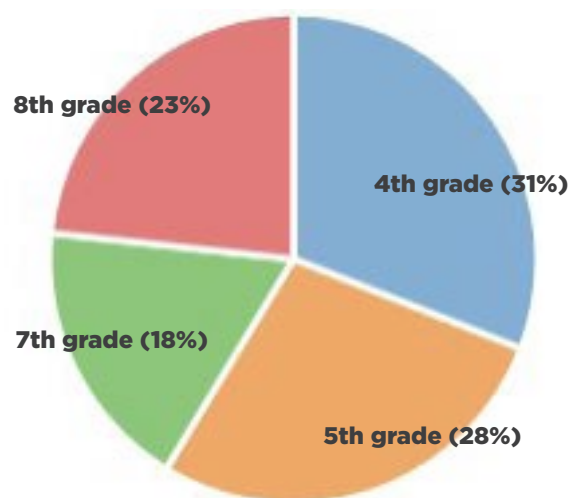

1,648 total responses were submitted. See the following pages for the results.

Individual Survey Responses

Bishop Elementary School	110	
Cherry Chase Elementary School	189	
Cumberland Elementary School	196	
Ellis Elementary School	150	
Fairwood Explorer Elementary School	69	
Lakewood Tech EQ Elementary School	97	
San Miguel / Juntos Elementary School	88	
Vargas Elementary School	92	
Columbia Middle School	193	
Sunnyvale Middle School	464
