Process Overview

Facilities Master Plan Approach

“Planning the Plan”

1 – focused master plan

- maintenance & repair driven
- proposed scopes managed to an available funding budget
- school & community expectations tempered

2 – comprehensive long-term vision

- starts with educational philosophy for how students will learn in the future
- discovers the impact of educational programs to facilities
- phased implementation approach

defining success – a “road map” to the future

Facilities Master Plan Goals

The Woodland JUSD Facilities Master Plan Should...

Draft v2

LPA

Support Student Success:

- Provide students with modern, safe, and resilient environments that support their academic achievement and success aligning with the Graduate Profile.
- Create a draw for students to attend Woodland schools.
- Provide staff with flexible and useful environments that support teaching and learning.

Create Community Connections:

- Lay the groundwork for the Board's prioritization of the best ways to use the available funding.
- Involve community throughout the life of the master plan.
- Be transparent and easy to understand; provide a clear vision that builds social/community capital and trust.
- Publicize the progress of improvements and achievements.

Be Implementable:

- Define a clear set of realistic projects based on highest prioritized needs and linked to a defined budget of available funding or new potential partnerships.
- Encourage a dynamic mindset throughout the process.
- Address sustainability and climate change.
- Be regularly reviewed to reflect current needs.
